NAIL THE LOOKS THAT EVERYONE WILL BE TALKING ABOUT HEADING INTO FALL WITH THE HIGH-PERFORMANCE DOCTOR-FORMULATED NAIL CARE BRAND:

Love both colors as much as we do?

Combine both new shades for a criss-cross effect. Start with the rose-gold shade first, painting a diagonal stripe that goes from the middle of the nail to the middle of the tip. Once dry, follow with the crimson shade in the same pattern (but this time start from the opposite side of the nail). The pretty cross-hatch pattern it creates is sure to turn a few heads. Think: dramatic, but not too drastic.
