

Dr.'s REMEDY<sup>®</sup>  
NAIL CARE  
NATURALLY, MADE BY DOCTORS

## OUR BRAND STORY

As an idea that started in a small NY podiatrist's office - and ended up with a woman at the helm - Dr.'s Remedy is now pampering fingers and toes around the world as well as empowering women to look and feel their best. Our "less is more" philosophy - which centers on finding the right products, rather than lots of them, delivers straightforward solutions and clean formulations that cater to every nail concern. With our foot planted firmly in the future of nail care and wellness at its heart, the true beauty of the Dr.'s Remedy brand can be found not only in what we put into our formulas, but also in what they're missing. A perfect mix of efficacy and performance, Dr.'s Remedy is ultimately a brand with a mission: high-quality doctor-formulated beauty is

*naturally, better.*

## HEALING Hydration Nail Treatment with Pentavitin

## MODEST Matte Treatment

A clear, invisible base + top hybrid that strengthens, smooths, and supports dry, brittle, or aging nails—without the glossy finish.

## CALMING Clear Gel-Performing Finish

Our healthy alternative to the conventional gel manicure. This super high-shine top coat gives nails a gel-like finish—without the harmful UV. This powerful top coat will extend the life of your mani/pedi, giving you better peace of mind with a healthier approach.

## A MAXIMUM-BENEFIT MANI/PEDI IN 7 SIMPLE STEPS:

### 1 CLEAN

Wet a cotton ball with RADIANT Remover. Hold for a second or two onto each nail to remove old polish. For pedicures, start with FOUNDATIONAL Foot Scrub to exfoliate.

### 2 TAME

Apply EPIC Exfoliator to cuticles, massage in, and use the pusher to gently push back, shape and remove buildup.

### 3 PREP

Spritz DEEP Profound Purifier on nails to disinfect and reduce inflammation. Then, wipe clean and dry the nail bed.

### 4 BASE

Choose your base coat: BASIC Base Coat, HEALING Hydration, TOTAL Two-In-One, RESTORE Ridge Repair or MODEST Matte Treatment.

### 5 POLISH

Apply ENRICHED Nail Polish in two even layers, allowing each layer to dry 1-2 minutes.

### 6 SEAL

Finish with CALMING Clear, TOTAL Two-In-One, or MODEST Matte for lasting mani/pedi. Consider FEARLESS Foot Finisher to lock in moisture—soft, nourished feet start here.

### 7 TREAT

- Apply Anti-Fungal CARESS Cuticle Oil to ward off infection.
- or NOURISH Nail Serum for extra hydration.
- Don't skip LIMITLESS Lotion to melt away aches and restore comfort.
