"Thanks to Dr.'s Remedy, my hands and feet are competition ready. The FEARLESS Foot Finisher and Epic EXFOLIATOR keep recovery smooth."

REVOLUTIONIZE *your routine*

STEP 1 REMOVE POLISH

Unlike harsh acetone, **RADIANT**, a plant-based, non-acetone remover gently lifts old polish while protecting and nourishing the natural nail.

STEP 2 EXFOLIATE

Exfoliation removes buildup so skin can breathe, heal, and absorb what it needs. **FOUNDATIONAL** uses Dead Sea salt and natural oils to restore and refresh overworked feet.

STEP 3 TAME CUTICLES

Traditional pedicures often cut away protective tissue, increasing infection risk. **EPIC**, a triple-plant blend gel softens and dissolves overgrown cuticles—no cutting needed.

STEP 4 SANITIZE

A gentler alternative to alcohol sprays. **PROFOUND** is formulated with witch hazel, cucumber, and safflower to cleanse and nourish while removing impurities and bacteria.

STEP 5 POLISH

Dr.'s REMEDY Enriched Nail Care offers a full line of doctor-formulated lacquers, including **targeted base coats*, that nourish, strengthen, and support healthier nails—without harsh chemicals.

STEP 6 HEAL & PROTECT

Finish with relief: choose **FEARLESS**, a nourishing roll-on that targets odor, pain, and inflammation for all-day comfort. Or, for deeper relief, opt for **LIMITLESS**—an advanced lotion with Magnesium, Arnica, and CBD to ease pain from neuropathy, arthritis, and daily strain, while deeply hydrating fatigued feet.

Which one's your perfect pair?

TOTAL Two-in-One

A versatile hybrid that acts as both base and top coat, nourishing nails while providing a durable, protective finish. Ideal for active feet and convenient care.

BASIC Base Coat

This gentle, bio-sourced, gluten-free base coat strengthens and protects sensitive nails. Perfect for lasting results on delicate feet.

HEALING Hydration

Infused with Pentavitin, this treatment hydrates and heals dry, peeling toenails—restoring strength and deeply nourishing until dryness is resolved.

RESTORE Ridge Filler

This fortifying nail primer smooths ridges and strengthens toenails, creating a flawless base while supporting healthy growth.
